

LC PRINTER

Multiple Heads · Reliable · Easy Operation

EAJET series printer is touchable high resolution printer based on TIJ2.5 tech, with high resolution and good reliability.

It can control 1-2 print heads, support to print text, batch number, date, barcode, image etc.

Highlights

1. With 7 inch touch screen, it is easy to operate.
2. It supports to print database with text and barcode.
3. Inner built network, which can receive external data and command.
4. Metal shell, industrial design, which makes printer firmer.
5. High system integration, small in size, less component, easy install and maintenance.

Product details

Parameters

Print height

EAJET-1	12.7mm
EAJET-2	2*12.7mm

Print speed & Resolution

40m/min&150-300DPI

Print system

HP TIJ2.5

Interface type

USB/ Network

Apply industries

1. Food & Beverage, Daily chemical, Pharmaceuticals, Building material, chemical etc.
2. High speed flexo film print
3. Carton manufacture and print industry

Size

Ink system

Can use together with Loogal UISS ink system

Ink type

Water /Solvent based

Sensor

Simulation sensor/External sensor

Encoder

Simulation speed/External encoder

Other special functions

It also supports to print the real time, shift code, Julian date.

Printer head
